hi

Hi there! How can I assist you today?

i need a smart phone

Okay! To help me find the perfect smartphone for you, could you tell me what's important to you? For example, what's your budget, what features are you looking for (camera quality, battery life, screen size), and which brand do you prefer?

i want one with good camera quality,

Great! A good camera is definitely important. What's your budget for the phone? Also, is there a particular brand you prefer, or any other features you're interested in, like a long battery life or a large screen?

smartphone with good camera quality

max 200\$

Okay, I understand. You're looking for a smartphone with good camera quality and a maximum budget of \$200. Are there any specific brands you prefer, or other features that are important to you, such as battery life, screen size, or storage capacity?

Search In Database with...

smartphone with good camera quality under \$200

with min 16GB and 6GB RAM

Understood! So you're looking for a smartphone with good camera quality, a maximum budget of \$200, at least 16GB of storage, and 6GB of RAM. Do you have any preferred brands, screen size, or battery life requirements?

Search In Database with...

smartphone with good camera quality under \$200, 16GB storage, 6GB RAM

no thanks that is enough

Okay, I'll search for smartphones that meet your criteria: good camera quality, under \$200, at least 16GB of storage, and 6GB of RAM. I'll let you know what I find!
